

FIRST CONTACT PRACTITIONER

FCP

What is an FCP...

These are highly trained Physiotherapists in Barnsley working in GP Practices.

They have extensive experience in assessment and advice of musculoskeletal conditions.

They see a wide range of problems such as joint, muscle or spinal pains.

What should you expect from your FCP?

- ⇒ Assessment and diagnosis of your problem
- ⇒ To be given expert advice on how best to manage your condition
- ⇒ Onwards referrals if required

This can include a referral to physiotherapy for continuing treatment

- ⇒ Arrange diagnostic investigations, if required

How to book an appointment...

You can see us without the need for a GP appointment

Book directly by calling your GP practice and ask to see the FCP
